Lord Jesus Christ, Son of God,  
have mercy on me, a sinner.

**FOR THY COUNSEL IS NOT IN  
MAN'S POWER.** But this everyone is sure  
of that worshipeth Thee, that his life, if it be  
under trial, shall be crowned; and if it be  
under tribulation, it shall be delivered; and  
if it be under correction, it shall be allowed  
to come to Thy mercy. For Thou art not

delighted in our being lost, because after a storm Thou makest a calm, and after tears and weeping Thou pourest in joyfulness. Be Thy name, O God of Israel, blessed forever.

Book of Tobit, Chapter III:20-23

## MISSIONARY DISCIPLE OF THE WEEK

**SAINT CATHERINE DEI RICCI  
FEAST DAY: 13 FEBRUARY**

Saint Catherine was born in 1522 with a different given name, Alexandrina. It wasn't until she entered the religious life that she took the name of Catherine at the tender young age of 13. She entered the Dominican order in a convent where her uncle was the priest/ director. Catherine lived an extraordinary life filled with great supernatural sufferings, visions, and other mystical experiences of grace. During her first two years as a novice in the convent, she suffered the painful symptoms from disease complications. And, being given the great virtue of patience, she offered her suffering to Our Lord. She had a great reputation for holiness and formed an unusual connection with St. Philip Neri through letters and her ability to bi-locate where she would be with him, though her physical body would still be in her convent many miles away. This gift of bilocation was validated in oath by five witnesses.

Starting at age 20, she was given to what are called ecstasies, or ecstatic visions in which she enacted the scenes that preceded our Lord Jesus's crucifixion. Every Thursday, at noon, she would lose consciousness until four o'clock the next day, Friday. During these ecstasies she would experience all that Jesus experienced from the Agony in the Garden through to the Crucifixion - and her body's movements would reflect all Jesus suffered, and while this was happening she was addressing her fellow Dominican sisters with knowledge and high thoughts that was beyond her level of education.

She was also given the Stigmata, wounds in the hands and feet, the side as well as the crown of thorns. These, were also validated by witnesses during her life. On Easter Sunday in 1542, Our Lord spoke with St. Catherine and gave her a spiritual ring which he placed on her ring finger. It was noted that this left forefinger had a red circle around it which couldn't be explained. Saint Catherine dei Ricci died in 1590 at age 68 after a prolonged illness. She was canonized in 1747.
